

Security

Security is clearly critical for all our safety.

Please check the following are secure before you leave the house,

- Our son's new area and bedroom,
 - Windows closed and locked
 - French doors to the front
 - Kitchen door.

- Main house,
 - Front door.

Please be careful if the dog is in the new area, such that she does not escape through the patio doors at the front of the house. She would run off into the busy main road.

Sign off sheet for staff to acknowledge they have read this policy
